## About

---

As a perpetually curious individual, I discover fascination in even the simplest of phenomena. To me, fashion and textiles serve as a canvas reflecting the multifaceted traits and essence of an individual, I am endlessly curious, finding intrigue in the ordinary"

## Work Experience

---

### Design Intern | OBEETEE Carpets

February'06 - May'28

Actively contributed to various facets of the industry, including PET project, concept shoots, brand conceptualization, independent sampling, document creation, Jamdani collection

### Design Assistant | House of Spade

October'21 - December '23

Contributed to the development of designs and showcased the artistic value of hand stitching. Explored surface and artisanal textile techniques

## Academic Projects

---

### Edible Fabric | Fabric Making

July'22 to Sept'22

Catering to fashion industry problem developed a 100% biodegradable fabric which is edible in nature

### Shahi | Garment Construction

Aug'22 to Sept'22

Creating apparel for a market of modern Indians that is compatible with both Indian heritage and present lifestyle

### MUJI India | Marketing & Strategy Design
